FREQUENCY RESPONSE:	76 x 66 x 47 cm.
SIZE:	23 Kg.
WEIGHT:	

With the digital cinema in mind, this conversion Kit is a plug & play add-on to any kind of 1x15" or 2x15" bass system in good condition, turning it into an improved bi-amplified three way system.

The human voice (mid-range frequency) is perfectly played back by the cone speaker together with the polyester horn.

A powerful 1,75" PM driver delivers clear high frequencies.
