SIZE:	116,9 x 73,7 x 49,5 cm.
WEIGHT:	73 Kg.

We achieve the 20 Hz! With the digital cinema in mind, we launched at Barcelona CineEurope 2013 show this superb and unique-in-the-cinema-world subwoofer system with one 21" loudspeaker, to be used in large and medium-sized very-high quality-cinemas depending of the number of units and the power amplifiers installed. Recommended for really high tech cinemas working with really big amplifiers to "feel" the subwoofer channel. The system is delivered fully assembled in one carton to save labour costs.
